

SkillSignal's technology supports daily COVID-19 screening, communications, compliance and contactless scan-in. Keep your operations going strong !

KEEP YOUR WORKSITE SAFE & WORKFORCE HEALTHY.

- ✓ **SkillSignal QR codes and apps are secure and directly downloaded** on workers' phones for free: avoid sharing devices and avoid spreading illness.
- ✓ **It just takes the workers 1 contactless scan to register on site every day.** Avoid touching, physical proximity, shared pen & paper,...
- ✓ **At scan-in, a daily COVID-19 health screening questionnaire** is submitted to each worker via smartphone to keep your site virus-free (CDC recommended).
- ✓ **Automatic daily logs** of attendance to know exactly who and how many people are on site. Instant alerts to help implementing maximum number of employees.
- ✓ **Communicate directly via instant text messaging and video** to keep workforce trained and updated on a daily basis even before they get on site. Auto-translation.
- ✓ **Access control and compliance:** workers can upload training cards, OSHA certifications and professional licenses. Access control based on your requirements.
- ✓ **HIPAA compliant. End-to-end data security. Certified by TrustGuard.**

**DIRECT SUPPORT | FAST SETUP IN LESS THAN 24HRS | SECURE & PRIVATE
REPORTING AND ANALYTICS | NO EXPENSIVE HARDWARE**

SKILLSIGNAL™

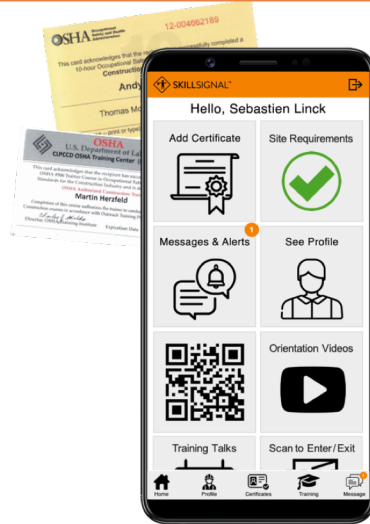

Connected smartphones and QR codes. Fast, agile and versatile.
We have earned our reputation with leading organizations.
