For Leaders who manage high-value operations in high-risk conditions, SkillSignal is mobile technology to make your workforce safe, compliant and efficient.

SAFETY

Get total knowledge of your workforce and subs to avoid risk, lapses and penalties.

Make your construction sites, workplace and manufacturing floors instantly safer. Improve security, identify defects or deviations, reduce liability and maintain compliance.

COMPLIANCE

Achieve 100% compliance: confident in your workforce and ready for any inspection.

Centralize all documentation, forms and fieldnotes in the Cloud. Get automatic reminders, alerts and daily logs. Be ready for OSHA, FDA, EPA, DOB, State and Local Law.
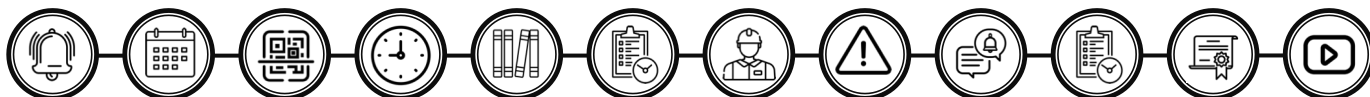

EFFICIENCY

Protect your investments with one dashboard for HR & Operations Leaders.

"SkillSignal eliminated all my manual work and its technology replaces paperwork and spreadsheets. I can focus on what's important: safe and efficient operations."

Exclusive Pat. Pend.
Safety Kiosk

SKILLSIGNAL™
Workforce Safety & Compliance Technology.
